

TIGER WOODS PGA TOUR[®] 07

PRECAUTIONS

This disc contains game software for the PSP™ (PlayStation®Portable) system. Never use this disc on any other system, as it could damage it. Read the PSP™ system Instruction Manual carefully to ensure correct usage. Do not leave the disc near heat sources or in direct sunlight or excessive moisture. Do not use cracked or deformed discs or discs that have been repaired with adhesives as this could lead to malfunction.

Push down one side of the disc as shown and gently pull upwards to remove it. Using excess force to remove the disc may result in damage.

Place the disc as shown, gently pressing downwards until it clicks into place. Storing the disc incorrectly may result in damage.

HEALTH WARNING

Always play in a well lit environment. Take regular breaks, 15 minutes every hour. Avoid playing when tired or suffering from lack of sleep. Some individuals are sensitive to flashing or flickering lights or geometric shapes and patterns, may have an undetected epileptic condition and may experience epileptic seizures when watching television or playing videogames. Consult your doctor before playing videogames if you have an epileptic condition and immediately should you experience any of the following symptoms whilst playing: dizziness, altered vision, muscle twitching, other involuntary movement, loss of awareness, confusion and/or convulsions.

PIRACY

The PSP™ system and this disc contain technical protection mechanisms designed to prevent the unauthorised reproduction of the copyright works present on the disc. The unauthorised use of registered trademarks or the unauthorised reproduction of copyright works by circumventing these mechanisms or otherwise is prohibited by law.

If you have any information about pirate product or methods used to circumvent our technical protection measures please email anti-piracy@eu.playstation.com or call your local Customer Service number given at the back of this manual.

PARENTAL CONTROL

This PSP™ (PlayStation®Portable) Game software has a preset Parental Control Level based on its content. You can set the Parental Control Level on the PSP™ system to restrict the playback of a PSP™Game with a Parental Control Level that is higher than the level set on the PSP™ system. For more information, please refer to the PSP™ system Instruction Manual.

WHAT IS THE PEGI AGE RATING SYSTEM?

Pan European Games Information (PEGI) is the age rating system for video games in Europe (except where, by law, another rating system applies). PEGI comprises two separate but complementary elements. The first is an age rating:

The second is icons describing the type of content in the game. Depending on the type of game, there may be a number of such icons. The age rating of the game is appropriate to the intensity of the content. The icons are:

PEGI will allow parents and those purchasing games for children to choose games appropriate to the age of the intended player. For further information visit <http://www.pegi.info>

PARENTAL CONTROL LEVELS

This game is classified according to the PEGI rating system. The PEGI rating marks and content descriptors are displayed on the game package (except where, by law, another rating system applies). The relationship between the PEGI rating system and the Parental Control Levels is as follows:

PARENTAL CONTROL LEVEL	PEGI RATING AGE GROUP
9	18+
7	16+
5	12+
3	7+
2	3+

STARTING THE GAME

RIGHT SIDE VIEW

FRONT VIEW

1. Set up your PSP™ (PlayStation®Portable) according to the instructions in the PSP™ system Instruction Manual.
2. Turn the PSP™ system on. The POWER indicator lights up in green and the Home Menu is displayed.
3. Press the OPEN latch to open the disc cover. Insert the *TIGER WOODS PGA® TOUR 07* disc with the label facing the rear of the PSP™ system and then securely close the disc cover.
4. From the Home Menu, select the  icon and then the  icon. A thumbnail for the software is displayed. Select the thumbnail and press the  button to start the software.
5. Follow the on-screen instructions and refer to this manual for information on using the software.

Note: Do not eject a PSP™ (PlayStation®Portable) Game disc while it is playing.

MEMORY STICK DUO™

Warning! Keep Memory Stick Duo™ media out of reach of small children, as the media could be swallowed by accident.

Warning! Do not push the POWER/HOLD Switch whilst data is being uploaded from the PSP™ Game disc as this may cause data corruption.

This title uses an autoload feature on boot up where any data present on the Memory Stick Duo™ will be autoloaded

To save game settings and progress, insert a Memory Stick Duo™ into the Memory Stick Duo™ slot of your system. You can load saved game data from the same Memory Stick Duo™ or any Memory Stick Duo™ containing previously saved games.

Note: Make sure there is enough free space on your Memory Stick Duo™ before commencing play.

PSP™ SYSTEM

WIRELESS (WLAN) FEATURES

Software titles that support Wireless (WLAN) functionality allow the user to communicate with other PSP™ systems, download data and compete against other users via connection to a Wireless Local Area Network (WLAN).

AD HOC MODE

Ad Hoc Mode is a Wireless (WLAN) feature that allows two or more individual PSP™ systems to communicate directly with each other.

GAME SHARING

Some software titles feature Game Sharing facilities which enable the user to share specific game features with other users who do not have a PSP™ (PlayStation®Portable) Game in their PSP™ system.

INFRASTRUCTURE MODE

Infrastructure Mode is a Wireless (WLAN) feature that allows the PSP™ system to link to a network via a Wireless (WLAN) Access Point (a device used to connect to a Wireless network). In order to access Infrastructure Mode features, several additional items are required, including a subscription to an Internet Service Provider, a network device (e.g. a Wireless ADSL Router), a Wireless (WLAN) Access Point and a PC. For further information and setting up details, please refer to the PSP™ system Instruction Manual.

COMPLETE CONTROLS

Make sure you try the tutorial in Quick Play mode prior to playing a round to get the hang of the swing controls.

PRE-SWING

Note: The Pocket Caddy provides you with key information that can help you make the appropriate decisions before every shot.

SWING

Pull straight back on the analog stick to begin your backswing – the closer you get to the peak of your backswing, the closer your swing is to 100 percent power.

Push straight forward to begin your downswing.

Note: Make sure you shorten your backswing if the club's potential power is more than the distance of the shot. For example, if your pitching wedge can hit the ball 90 yards, but the pin is only 45 yards away, only use half of your backswing.

Pull back diagonally and press forward in an opposite straight line to draw or fade the shot. Press the **R** button for a power boost – the more times you press during your backswing, the bigger your power boost.

MASTERING SHOT POWER

Many factors affect the power you put into your swing. Rough, sand traps, slope and elevation are just a few of the things that can affect how far your ball actually travels.

In many cases you need to increase your shot power or even use a different club to get the ball to travel the distance you want. There are also situations where you need to decrease your power or use a different club to avoid overshooting your target – such as when you're putting downhill or shooting an approach shot at a lower-elevation green.

Adjusting your power and club selection to the circumstances is key to hitting consistently great shots.

DETERMINING YOUR SHOT

Press the ☐ button to toggle through the different shot types – full, chip, pitch, flop, draw, fade and putt – depending on where your ball lies.

NEW SWING PATH METER

View your swing accuracy with the new Swing Path Meter, which shows the angle of your swing when it made contact with the ball as well as the resulting shot (straight, push, pull, cut, fade or draw). Use it to fine tune your swing and avoid many common mistakes.

CONTROL THE BALL IN FLIGHT

Tap rapidly while moving the analog stick in the direction you want to put spin on the ball
– the more times you press the **R** button, the more spin you'll achieve

Watch the shot in slow motion (Press and hold)

Mulligan (if turned ON for Quick Play mode)

Fast forward the shot

PUTTING CONTROLS

READING THE PUTTING GRID

A coloured grid overlays the green when you're putting. The grid is green where it is relatively level, red where it slopes upward relative to the player and blue where it slopes down. Use that information to determine how firmly (or softly) to putt the ball.

The moving beads on the grid indicate the direction of the slope – the faster the beads, the steeper the slope.

Change putting distance

Power boost
(tap during backswing)

Reset targeting mark

Overhead Camera
– view the putt from above the green
(press and hold)

Ideal Putt Camera (see p. 7)

Reverse Camera
– view the putt from behind the hole

Skip a putt (Putting Frenzy only)

Move targeting mark

IDEAL PUTT CAMERA

Press the $\times$ button and the camera moves along the optimal line for the putt.

Watch how the camera rotates before it moves towards the hole: if the camera rotates to the left before it moves towards the hole, then you should aim more to the left. If the camera moves to the right before it moves towards the hole, you should aim more to the right. If the camera does not rotate, then you are aiming along the correct line.

The Ideal Putt Camera doesn't show you how much power to put into your putt. You may find the ideal line, but putt with too much power and the ball may still carry past the hole – too little power and you either fall short or the ball breaks too early. Sink putts by reading the speed, break and position of the hole on the green.

Note: The Ideal Putt Camera is not always available. When it is available, the message " $\times$ Ideal Putt Cam Available" appears on-screen.

Note: Sometimes the maximum distance of one of your putters is just short of the hole and your other putter's maximum distance overshoots the hole. If you are in between putters like this, it's beneficial to go with the shorter of the two putters and apply extra power with a power boost.

DETERMINING PUTTING POWER

Like the swing control, maximum putting power is determined by the distance you pull back on the analog stick. For example, if the hole is 5 feet away and your putter is rated at 10 feet, only use half of your backswing. The Power Meter shows you how far you've gone with your backswing.

PLAYING THE GAME

QUICK PLAY

In Quick Play mode, you can play the tutorial or a round of golf with your created golfer or any unlocked golfer on any unlocked course, with or without opponents.

Stroke Play	The most basic round of golf, every stroke counts and the player with the lowest total at the end of the round wins.
Skins	Every hole has a monetary value, and the player who wins the hole takes the cash. In the event of a tie the money carries over to the next hole, added to the pot.
Match Play	Go head-to-head with your opponent on every hole in Match Play. The player who wins the most holes wins.
Stableford	Based on a system that awards points based on the score each hole (eagles, birdies and pars), your final score is the sum of the points earned over the course of a round.

After selecting the game mode, course and number of players, choose which holes you want to play on the course. You can pick ALL 18, FRONT 9, BACK 9, RANDOM 3 or CUSTOM HOLES.

Press the ☐ button to customise your options, or press the ☐ button to choose the golfers for the match.

SAVING AND LOADING

Create a user profile and save your progress to a Memory Stick Duo™. *Tiger Woods PGA TOUR® 07* uses an autosave feature to save and load game data.

After a round is completed, or when settings have been changed, your progress is automatically saved to your user profile.

Note: When copying save data from one Memory Stick Duo™ to another the save will be placed into the corresponding slot on the new Memory Stick Duo™ and will overwrite data that is in that slot.

SAVE AND QUIT

You can save your progress in-game via the Save and Quit option in the Pause Menu. If you then shut down and try to return to your game at a later time, the game detects your progress when that mode is revisited and you are given the option to pick up where you left off.

Note: You may only use the Save and Quit option on your golfer's turn before taking the next shot.

PGA TOUR® CAREER MODE

You have just made it to the PGA TOUR® after a very successful showing in Qualifying School. Q-School was gruelling, but with your Bronze TOUR® Card in hand you have three years to see if you have what it takes to compete at the pro level and win the coveted FedEx Cup.

You won't have all the skills to be a big threat at first so it's important to fit in some practice time as you advance through your career. Your progress is tracked after each event and the necessary practice challenges are scheduled on your calendar to help you stay in top form. A season-long points system ranks the golfers, and the top 30 at season's end are eligible to play in four playoff tournaments in September. The player with the most playoff points after the fourth tournament, The TOUR® Championship, is awarded the FedEx Cup and a large cash bonus.

To stay in the top 30, you have to earn FedEx Cup Points, which are awarded after each tournament along with prestige points – used to determine your popularity on TOUR – and cash prizes. The higher you finish, the more you win, and as long as you make the cut you receive points and cash for your efforts.

As you start performing well in tournaments and mid-week challenges, you may impress a sponsor or get highlighted in a local paper. Play well enough to move up the TOUR ranks and you just might see yourself on the cover of ESPN Magazine.

CALENDAR

All the key dates you need to know are marked here – from necessary practice sessions to key challenges and tournaments.

Pro Shop

Head into the Pro Shop to upgrade everything, from your attributes to your apparel and equipment, by pressing the  button.

Journal

Press the  button to access your Journal, which tracks your FedEx Cup Points, wins, trophies, milestones and events you haven't played yet. View the timeline after each season to see how your career is progressing and to ensure you are on target.

Scrapbook

Now you can save and share your best moments on the golf course. Save your top shots to your Memory Stick Duo™ and view the images later in the system software. You can also upload them to a computer and trade your scrapbook photos with friends.

Your TOUR® Card, which contains your photo, name and earnings, appears at the top left corner of the screen. Under that is your prestige level, which starts at zero and goes up to five stars.

MINI-GAMES

Shooting Gallery

Earn as many points as possible by hitting the targets with your ball. You are racing against the clock so look for the correct targets to maximise your score.

Putting Frenzy

Race against the clock to sink as many putts as possible before time runs out. Putts are scored based on their distance from the hole. In single player, you win by beating the target score before the clock hits zero.

MULTIPLAYER MODE

Challenge your fiercest rivals around the world via Infrastructure mode or play against someone across the room in Ad Hoc mode.

REGISTRATION REQUIRED TO ACCESS ONLINE FEATURES. TERMS & CONDITIONS AND FEATURE UPDATES ARE FOUND AT www.easports.com YOU MUST BE 13+ TO REGISTER ONLINE.

EA MAY RETIRE ONLINE FEATURES AFTER 30 DAYS NOTICE POSTED ON www.easports.com OR 30 DAYS AFTER THE LAST DAY OF THE 2006 SEASON.

MULTIPLAYER MODES

In Multiplayer mode, you can view your record versus other opponents, select your game type and even wager cash you've earned.

Note: If you win a game and your opponent does not have enough cash to cover the wager, you only receive what's left of your opponent's money.

There are five types of traditional matches to play: STROKE PLAY, SKINS, MATCH PLAY, as well as BINGO BANGO BONGO and the new SHOOTING GALLERY.

Bingo Bango Bongo The player with the highest money total wins by achieving Bingo (longest fairway drive), Bango (first on the green) and Bongo (first in the hole).

- You repeat each hole three times (up to six holes). The winner of the hole either removes a club from his opponent's bag or retrieves a club taken earlier by their opponent.
- Every time you defeat an opponent, they are stamped as the loser and cannot remove that stamp from their profile until they defeat you. The Winner and Loser stamp totals are tracked in your profile.

Note: The Ideal Putt Camera is not available in this mode.

Shooting Gallery Earn as many points as possible by hitting the targets with your ball while racing against the clock and your opponent. Watch out for the Point Stealer targets! Hitting these gives some of your points to your opponent. Choose from 5 different levels.

MY PROFILE

Create a golfer, keep track of all his accomplishments and build the dream course you've always wanted to play.

EA SPORTS™ GAME FACE

Customise every detail of your character and set him or her up with the top clothing and gear available. Use cash to add more gear, clubs and abilities to your golfer.

PRO SHOP

Use cash earned in Quick Play, PGA TOUR Career mode or Multiplayer to upgrade your golfer by accessing any of the following menus: My Skills, In the Bag, Apparel, Accessories, Clubs and Equipment.

MY RESUME

View your accomplishments including your golfer's statistics, Ad Hoc results and the trophies you've won.

MY DREAM 18

Choose holes from the unlocked courses to build your ultimate round of 18. Once your Dream 18 is built, you can challenge other players to a Dream 18 match in Quick Play or Multiplayer modes.

OPTIONS

Make the game your own by setting up and saving your customised options.

EA™ MEDIA CENTER

EA™ MEDIA CENTER

Play your own songs and customise your playlist by putting MP3 tracks in the MUSIC folder on your Memory Stick Duo™. They appear in the EA™TRAX section of the EA™ Media Center menu as long as your Memory Stick Duo™ is inserted. You can also watch exclusive videos through the VIDEO selection.

- Press the $\times$ button to accept the selection or to select/de-select an option within the EA TRAX playlist menu.
- Press the $\leftarrow/\rightarrow$ buttons to scroll through playlist options or press the $\uparrow/\downarrow$ buttons to scroll through music tracks within the EA TRAX playlist menu.
- Press the $\triangle$ button to go back out of any menu within the EA Media Center.

Note: The EA Media Center does not automatically update new content when inserting or changing a Memory Stick Duo™. You must exit and re-enter EA Media Center before your songs appear.
